Golf Course Superintendents Association of America (GCSAA)  
Turfgrass Producer International (TPI)

## Certified

Irrigation Association, IA

**Rain Bird Authorized Distributor  
for the Caribbean, Central  
America, and Venezuela**

## WHAT WE DO

### IRRIGATION PROJECTS

We support every stage of your irrigation project: from conceptual engineering and technical design to construction and commissioning. Our personalized approach guarantees efficient solutions, adapted to the specific conditions of your golf course, sports field, agricultural, or landscaping project.

### We develop effective projects

### SALE OF EQUIPMENT, MACHINERY AND SPARE PARTS

We represent leading brands in the sector to provide you with reliable equipment, cutting-edge technology, and spare parts availability. Your installation will always be operational and at the highest level of performance. Our irrigation designs use Rain Bird equipment and materials.

### We provide a timely response

### PROFESSIONAL AND TECHNICAL ASSISTANCE

In the event of deviations or issues on your golf course, pumping system, irrigation system, or failure in maintenance equipment or machinery, we assist you with evaluation, analysis, and recovery. We provide a technical report with improvements and the necessary actions to prevent incidents.

### We minimize the risk of failure or incidents

### MAINTENANCE MANAGEMENT

We implement a computerized maintenance management system (CMMS), tailored to your needs, centralizing all technical information about the fields, machinery, and equipment. We develop maintenance plans, monitoring, and audits to ensure compliance with the plan. Finally, we provide management reports for managerial and executive levels.

**Management that cares for your investment**

**We work  
together on  
your**

**GOLF  
COURSE**
